

# TURN OFF THE LIGHTS

## Attachment 3

### Verse 1

Bright city lights keep shining on,  
Nighttime creatures lose their dawn.  
Birds and insects cannot rest,  
Darkness gone, it's not the best.

### Chorus

Turn off the lights, the night is near,  
Stars are shining bright and clear.  
Let's care for skies both dark and wide,  
And let the nighttime be our guide.

### Verse 2

Humans struggle with their sleep,  
Eyes and minds can't rest so deep.  
Nature's rhythm starts to fade,  
Protect the dark, don't be afraid.

### Chorus

Turn off the lights, the night is near,  
Stars are shining bright and clear.  
Let's care for skies both dark and wide,  
And let the nighttime be our guide.
